

With My Family

Scripture Together

During Advent, we prepare to celebrate Jesus' birth. We prepare to welcome Jesus. We also prepare for the time when Jesus will come again. We are patient as we make our hearts ready for Jesus' arrival.

As a family, read about the need for patience in **James 5:7–8**. When you have finished, discuss the Scripture. You may use the following questions to prompt discussion:

- How does being patient help farmers?
- How has being patient helped you?
- How can you show patience with our family?

Faith on the Go

Ask one another: *What will you do this Advent to prepare for Christmas?*

ACTIVITY: Family Advent Wreath

Set up an Advent wreath to help one another grow in faith. Take time each week to light the candles and pray together as a family. Talk about how you are preparing your heart for Jesus' coming.

Family Prayer

Pray together:

Dear God, help us prepare to welcome your Son, Jesus. Amen.
