

With My Family

Scripture Together

We can give praise and glory to God in song. A hymn is a song that urges people to joyfully sing out praise to God.

As a family, enjoy a hymn that praises God's marvelous deeds by reading **Psalm 98**. When you have finished, discuss the Scripture. You may use the following questions to prompt discussion:

- According to the psalm, what should all the earth do?
- In what way, such as through prayerful song or actions, do you like to praise God? Why?
- What do you picture in your mind when you hear Psalm 98?

Faith on the Go

Ask one another: *What one thing can you do every day to care for our world?*

ACTIVITY: Care for God's Creation

Talk about ways to care for God's creation around you, such as making your porch or yard animal friendly. Choose one way and work together to complete it.

Family Prayer

Pray together:

Dear God, we are grateful for this beautiful world. Help us protect all you've created. Amen.
