

With My Family

Scripture Together

God the Father creates us to be in relationship with him and to reflect his glory. He gives us this beautiful world. God's gifts in creation show how much he loves us.

As a family, read **Genesis 1:27–30**. When you have finished, discuss the Scripture using the following questions to guide you:

- What gifts in creation does God give to us?
- What is the meaning of this phrase: “God makes us in his image?”
- How can you take better care of others and all of God's gifts?
