

With My Family

Scripture Together

We are all God’s children in Christ. God cares about every relationship, including the one between parents or other caregivers and children.

As a family, read about God’s plan for children and their parents in **Ephesians 6:1–4**. When you have finished, discuss the Scripture. You may use the following questions to prompt discussion:

- According to the Scripture, why should children obey and honor their parents or other caregivers?
- What do you think it means to honor your parents?
- How do children learn about obedience and honor from their parents?

Faith on the Go

Ask one another: *How can we mend our relationship with one another when there is conflict?*

ACTIVITY: Honor Our Family

Seek advice from a grandparent or an older relative as a way to honor and respect the person’s knowledge and life experience.

Family Prayer

Pray together:

Dear God, thank you for giving us the Ten Commandments. Give us the strength we need to follow them. Amen.
